

We RateDogs Insights For Dog's Lovers

We rete dogs is a twitter account that rates people's dogs with a humorous comment about the dog, that ratings almost always have a denominator of 10, the numerators almost always greater than 10, why? Because they are good dogs" if you are a lover for dogs , the insights which collected from this twitter account data introduces some interesting facts about dogs' and dogs' lovers behaviour towards their posts that mostly features dogs' photo in it.

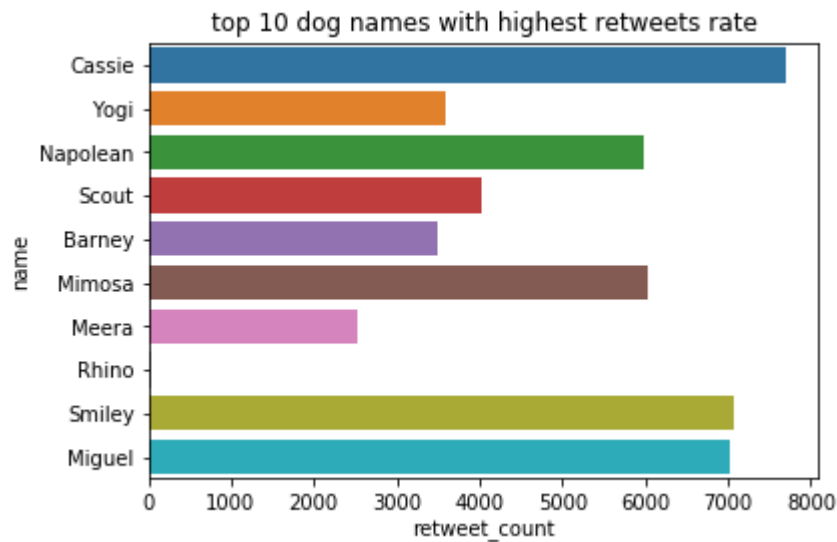

1- Find out the dog category with the highest favorites rate

In this first part ,we want to find out the category which is recorded the highest rate of favorites, after we removing None values, and visualizing the the chart, we can say that , puppo dog recorded the highest rate, then doggo, floofer, and pupper.

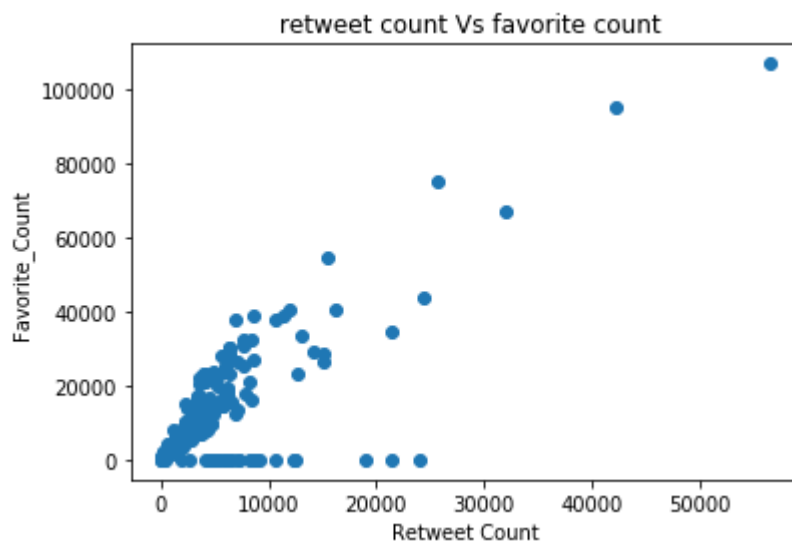

2- Find out the top 10 of dog names with retweets rate

In the last part, after removed None values, and removed inappropriate dog names such as ("a", "an", "the", "very", "quite",... we want to find out the top 10 of dog names which are recorded the highest retweets rating.

As we can see from the chart the name of dog ("Cassie") recorded the highest rate of retweets, then the name of dog "Smiley"

3- Relationship between retweet count and favorite count

it looks like that there are linear relationship between both parameters
